

Company Descriptions

50 word

AEye's unique software-defined lidar solution, the 4Sight™ Intelligent Sensing Platform, enables dynamic transportation and mobility applications that save lives. 4Sight™, with its adaptive sensor-based operating system, enhances perception by focusing on what matters most: delivering faster, more accurate, and reliable information.

75 word

AEye's unique software-defined lidar solution enables advanced driver-assistance, vehicle autonomy, smart infrastructure, logistics and off-highway applications that save lives and propel the future of transportation and mobility. AEye's 4Sight™ Intelligent Sensing Platform, with its adaptive sensor-based operating system, enhances perception by focusing on what matters most: delivering faster, more accurate, and reliable information. The company's 4Sight™ products, built on this platform, are ideal for dynamic applications which require precise measurement imaging to ensure safety and performance.
